Stocks were dull again to-day, while prices
were weak throughout and closed at about the
lowest figures. The strike on the New York
Central was made the pretext for a raid on the
Vanderbilits, and they were freely sold. The
bank statement, which was very unfavorable,
showing a decrease of \$7.678.500 in the legal reserves, helped the downward movement. The
closing prices were \(\frac{1}{2} \) to 2 per cent below those
of yesterday.

GOVERNMENTS, STOCKS AND BONDS.

NEW YORK, Aug. 9.— The strikes upon the Vanderbilt roads were to-day made the occasion of a vigorous assault upon not only those stocks but also upon the list in general. Although the bank statement and crop situation and closeness of money, with the apathy of bulls were factors in the demoralization, the latter stock were offered down rapidly, with the result of leaving the entire list materially lower than last evening, and declines sustained were on an average larger than on any full day for a long time. The bank statement was, if anything, were than was expected. Early London flures were generally higher, but had no influence upon this market, nou the list was opened at small fractions lower than last night, while faller, worse than was expected. Early London figures were generally higher, but had no influence upon this market, and the list was opened at small fractions lower than last night, while the Vanderbills showed losses extending to i percent. In Canada Southere the pressure was kept up, however, to the close, and further losses were sustained over the entire list, while New York Central declined from \$1 07 to \$1.65; Lake Shore, from \$1.05% to \$1.65; Lake Shore, from \$1.05% to \$1.65; Louis from 71% to 62%, and Canada Southern from \$5 to \$23%. The movement extended, however, and grangers and specialties suffered severely, while industrial stocks for the limbeing were almost neglected and failed to move except small declines. Among the specialties bituminous coal stocks were weak and scored marked losses. The market never railied and closed quiet but weak at lowest prices. As a rule, though, final bids showed some improvement. The entire market is materially lower to night and the principal losses are as follows: Hocking coal. %; Tennessee coal. 2; Lake Shore, 1%; Colorado coal, 1%; Northwestern, Lackawana and St. Paul preferred, each 1%; Canada Southern, Columbus, Cincinnati, Chicago and St. Louis, each 1%; St. Paul and Missouri Pacific, each 1%; Union Pacific, Pálicon de Sundanda Southern, Columbus, Cincinnati, Chicago and St. Louis, each 1%; St. Paul and Missouri Pacific, each 1%; Union Pacific, Pálicon Donts neglected.

Special to the Gazette. McKinney, Tex., Aug. 9 .- Ford Han-W. J. Gunter and Charley were at work this morning tolwater stock. The parties quarreled, and an exchange of shots followed. Ford Hancock received a dangerous shot in the neck. W. J. Gunter started to town to surrender, and on the way met Arch Hancock, and Arch ordered Gunter to throw up his hands and surrender. Gunter replied by a shot, killing Arch Hancock instantly. The trouble arose over the elopement and marriage of one of Gunter's sons with a sister of the Hancocks. Arch Hancock was one of the best citizens in the county.

The Widow Will Never Consent to the Re. moval from Riverside Fark.

Special to the Gazette. New York, Aug. 9 .- There is good reason to believe that Mrs. Grant will not give her consent to the removal of Gen. Grant's remains from Riverside park to the National cemetery at Arlington, on the Virginia side of the Potomac. Though Mrs. Grant has refused to be interviewed, her sons and intimate friends of the family have from time to

burial place was made after careful consideration."

George W. Childs, speaking on the
subject some time ago said: "She iMrs.
Grant) has always been satisfied with
the selection of Riverside park, and has always
taken a deep interest in the tomb of her hus band
and its surroundings. She visits the tomb
daily, when in the city. On the samiversary of
the general's birth and death, she personally
supervises the planting of flowers about the
tomb. Mrs. Grant fully considered all the advantages of all the sites before she selected
Riverside park. If she favored the removal of
the body I should have heard of it. The body
can't be removed to Artington without the consent of Mrs. Grant, and I don't think she will
ever consent."

Daily Review.

Correct of The Gazarra, Four Wours, Tex., Aug. 9 1970.

Trade was brisk to-day in retail lines, the eading houses being pretty well crowded with buyers from early in the day. The surrounding country was well represented to-day. The court yard plans and principal streets were thronged with v h cles, and a majority of them had some article of country produce for sale, for which they realized satisfactory prices. The general cock and brother George went out to where | markets were very well supplied with all commodities to-day. The demand was great, and at the close of the day the markets were pretty well cleared. There are no changes of note in any commodity, but prices are firm at the fig-ures given.
